

Inayatiyya Healing UK

Accounts Statement 2025

The financial year for Inayatiyya Healing UK starts from the 1 June 2024 to 31st May 2025. During this financial year, the total income from membership subscriptions, donations and course fees amounted to £1888. In September 2024, Inayatiyya Healing UK organised a healing retreat in Portugal. The retreat generated a total income of £5715 and the total expenditure was £3,205. Overall, the net income from the healing retreat was £2510.

Exclusive income from membership subscriptions increased to £1458 this year in comparison to last year's figure of £1318. Also, there has been an increase in our expenditure to cover administrative costs, bookkeeping responsibilities as well as website costs. The total expenditure for staff and website costs was £2356.62

We had exceptional income of £900 from the Hope project last year and this amount needs to be donated back to the Hope project team.

In terms of increasing future income, we need to be proactive in writing to all conductors and members to remind them to pay their monthly or yearly subscription fees. On a positive note, the healing retreat in September 2024 helped to generate additional income for the Inayatiyya Healing UK.

Also, we need to find a way to distinguish between donations for regular activities and payment for membership subscriptions as some donors make it clear via bank transfer reference whilst other donors do not specify this. We could write to all members to remind them to put a bank reference on all future payments.

In conclusion, the financial position for Inayatiyya Healing UK remains in a stable position and the final account balance on the 31st of May 2025 was £8674.
